ATO's Install Local Delhis As 94th Chapter

Bowling Green today had its second national social fraternity and Alpha Tau Omega its eighth chapter in Ohio and its 94th active one in the nation.

Installation ceremonies were Saturday, mid-way in a week-end that attracted four of the six members of the High Council of the fraternity, the national president and executive secretary, three province chiefs, 67 undergraduate members from other chapters, and nearly 200 to the installation banquet.

Initiations were by groups of six except for the first and last. Gailord Braithwaite, president of the 28-year-old Delhi fraternity which became the Ohio Epsilon Kappa chapter of ATO, was taken in alone at the first ceremony in the Lounge of the Women's Building on the campus Friday afternoon.

In the presence of his father, R. B. Waugh of Bowling Green, and many others, Ronald Waugh was inducted by himself at the last ceremony Saturday afternoon.

The 62 initiates included 45 active Delhis, 8 Delhi alumni, 6 faculty men, and three Michigan undergraduates, including the son of W. E. Teglund of Jackson, Mich., chief of Province II.

Most fraternity meals were served at the Falcon's Nest, but the banquet Saturday night was at Kohl Hall.

The banquet followed the initiations, which were conducted by six undergraduate teams from Ohio and Michigan chapters, and the first meeting of Ohio Epsilon Kappa. Banquet guests then attended the University Anniversary Prom, which was in honor of ATO.

A caravan of automobiles took several dozen members to Trinity Episcopal Church in downtown Toledo Sunday to hear the Rt. Rev. Beverly D. Tucker, bishop of Ohio, who spoke at the morning

Cincinnati Mayor To Speak At Commencement June 4

James Garfield Stewart, Mayor of Cincinnati, will address the graduating class at Commencement Exercises June 4.

Mr. Stewart was elected to the Cincinnati City Council in November 1933 and is now elected Mayor on January 1, 1940. As mayor he has become nationally known and is unquestionably the most popular of Cincinnati's long line of chief executives.

Mayor Stewart was born in Springfield, Ohio, November 17, 1881. He graduated from Kenyon College with Ph.B., and then graduated from the Cincinnati Law School in 1905 with a LL.B. He began the practice of law in Cincinnati in 1908 and although he is not practicing at the present time he still retains his law office.

In the last municipal election, 1941, he received the largest vote ever given to a candidate under the proportional representation form of election. Mayor Stewart received a total of 25,000 first choice votes. There were about forty candidates in the field and only nine to be elected. When one candidate gets 25,000 first choice votes, there is nothing less than a mad scramble by the other candidates for the eight Council seats remaining to be filled.

Mayor Stewart is a member of the Cincinnati Club, Cincinnati Country Club, Masonic Lodge, Scottish Rite, B.P.O.E., Eagles, Moose, Jr. Order, Literary Club, University Club, Ohio State Bar

meetings, and the presentation of the awards. Awards are to be given for the best daily, weekly, and bi-weekly college newspaper in the State of Ohio, as well as for the best editorial, feature, news story, and sports story published in Ohio's college newspapers during the past two semesters.

The following well known journalists have agreed to judge the various entries in the contest: Kenneth Tohill, Managing Editor of the Toledo Blade; Dr. James E. Pollard, Dean of school of Journalism, Ohio State University; Mr. Douglas Miller, School of Journalism, Syracuse University; Dr. Fred Merwin, Dean of School of Journalism, Rutgers University; Tommy Devine, Midwestern Sports Editor, United Press Association; and Kenneth Olson, Dean of School of Journalism, Northwestern University.

Most delegates to the Convention will be editors, associate editors, and business managers of the various Ohio collegiate newspapers although many schools are bringing along most of their staffs.

Last year Toledo University's "Campus Collegian" won the best weekly award; University of Akron's "Buchtelite" won the best daily award; and Ohio Northern's "Review" won the best bi-weekly award.

Dr. Ruth Seabury To Speak For YM-YW This Month

Dr. Ruth Isabel Seabury of Boston, Massachusetts, called "an internationalist by instinct" and one of the most brilliant speakers in American church circles, will be on the campus April 29 and 30 and May 1 for the Christianity on the Campus Conference sponsored by the local YWCA and YMCA.

Dr. Seabury will speak at assembly Friday, April 30, and will address a union meeting of all church groups and interested students sometime during her stay on campus. She will also meet with the cabinet members of the YW and YM and conduct individual conferences with all interested students.

Dr. Seabury, who is Educational Secretary of the American Board of Foreign Missions, the overseas service arm of the Congregational Christian Churches, spends the major part of her time "on the road" filling platform and pulpit engagements, addressing students, leading discussion groups of youth on college campuses, and in inter-denominational groups.

Widely traveled, a lover of youth, Dr. Seabury is easily one of America's outstanding Christian women leaders and speakers on Christianity and the program of the Church at home and abroad. She has been for several years a member of the National Preaching Mission of the Federal Council of Churches of Christ in America.

Hosts And Hostesses All

You, of the student body on this campus, deserve a word congratulations. Colleges live for years on their reputations for being either friendly or antagonistic. This reputation is built up by the students, not by the faculty and administration, although they certainly must be of the same feeling as the students.

Let's be
courteous
to our
visitors

In the past few weeks we have had many visitors on this campus—visitors of various types. We have had high school boys and girls, fraternity and sorority men and women, and faculty members from other schools. These people may not all be our personal charges, and yet we are asked to help entertain them. Most of you have cooperated to the fullest extent. You have acted as guides whenever asked, you have worked on various other programs, and have given up your rooms to visitors and entertained them.

With an administration such as we are fortunate enough to have, we would show very poor appreciation if we did not do everything in our power to help them out. Undoubtedly this is only the beginning of the spring rush of visitors, so let's keep up the good work!—PS

Your Contribution Will Help

May 6 and 7, the students of this University will be asked to contribute to the World Students Service Fund. As many members of our student body are freshmen, the purpose of this fund is probably unknown, and therefore we shall attempt to enlighten the reader as to the many benefits foreign students derive from this fund.

Contribute
all that
you can
May 6-7

First, the WSSF is a fund-raising organization which operates primarily in the colleges and universities of the United States in order to raise money for student war relief.

Its help goes to students and faculty who are victims of war in all parts of the world.

The WSSF seeks the needs of students as students whereas most other relief organizations are concerned only with general relief. This organization was the first to see the importance of meeting not only physical but also intellectual and spiritual needs of students and professors. By appealing to students to help their fellow students, this specialized organization builds student solidarity around the world.

Secondly, the WSSF does not administer any funds in its own name. It raises money which its General Committee then allocates to responsible and proven national committees which administer relief.

The work of student war relief began in 1937 when the Far Eastern Student Service Fund raised money for students in war-torn China. With the spread of the war to Europe, the European Student Service Fund was organized early in 1940. Later that same year, the two Funds were merged into the World Student Service Fund. As the war has spread, the Fund has expanded its activity to meet needs in all parts of the world.

Thirdly, the Fund is sponsored by the U.S. Committee of International Student Service and the U.S. Sections of the World's Student Christian Federation. The latter includes the National Intercollegiate Christian Council, the Student Volunteer Movement, the Interseminary Movement, and the University Commission of the Council of Church Boards of Education.

One dollar will buy and transport food for a Greek student for one week. Five dollars will supply medicine for 300 ill students. Eight dollars will feed a Chinese student for one month and ten dollars will supply condensed milk for one Russian student for one year.

It is our moral obligation as University students to do all in our power to help less fortunate students who are finding themselves in situations unknown to us. It is not asked that we contribute a fabulous sum to this fund, but if we all give what we can, the grand total from this University will greatly aid many unfortunate students in far flung corners of the world.

Do your part May 6 and 7!—DK

service and later greeted his brothers individually. Bishop Tucker, member of a prominent ATO family, made several references to the fraternity during his sermon. He said some of its symbolism came from a church in Richmond, Va., of which he had been rector for 15 years.

The fraternity was founded at Richmond in 1865.

Pi Kappa Alpha became the first national fraternity at Bowling Green when it took over Commoners' fraternity last June. The campus will get its first national sorority when Five Sisters go into Alpha Xi Delta Saturday.

The ATO house, owned by Mr. and Mrs. John Berry, house father and house mother, is at 228 East Court Street. Delhi fraternity history can be traced back to 1915, the year after the opening of college classes here.

Largely through the efforts of Dr. Ralph G. Harshman and Registrar John W. Bunn, ATO members, negotiations toward nationalization were started two years ago. Final approval by chapters was announced less than a month ago.

With the recent faculty addition of Freshman Dean K. H. McFall and the week-end initiation of seven professors, ATO now has 10 Bowling Green faculty members.

Chapter officers are: Gailord Braithwaite, Lakeside, worthy master; Tom Bowlus, Pemberville, worthy chaplain; Howard Katterheirich, New Knoxville, worthy keeper of exchequer; Ralph Klein, Cleveland, worthy scribe; Louis Biery, Bryan, worthy keeper of annals; Don Lockwood, Painesville, worthy usher, and Jim Gorbey, Chester, Pa., worthy sentinel.

Week-end initiates included: Faculty—Dr. H. B. Williams, Dean A. B. Conklin, Dr. W. E. Steidtmann, Dr. C. S. Martin, Dr. Paul F. Leedy, Prof. Jesse J. Currier, Ralph Schaller (also an alumnus).

Alumni—Ralph Schaller, John Bronson, James Inman, Roger Gifford, Fred Boop, Eugene Willett, John Berry, Edgar Emerson.

Seniors—Edward Bayless, Louis Biery, Gailord Braithwaite, Dwight Cross, Ralph Flack, Howard Katterheirich, Lowell LeVan, Dan Lust, Ralph Quesberry, Steve Randolph, Paul Shepherd, Jack Spelman.

"Shadow of a Doubt" Opens Fri. At The Cla-Zel

Two of the greatest pictures to ever come out of Hollywood will be shown Friday and Saturday at the Cla-Zel Theatre. The first, Alfred Hitchcock's "Shadow of a Doubt" contains all the sustained excitement of former Hitchcock pictures. The story concerns a notorious fugitive murdered who hides-out incognito with distant relatives. They are totally unaware of his criminal record—but what happens would give away the story. Joseph Cotten and Theresa Wright are co-stars in the picture. The other half of the double bill is "One of Our Aircraft is Missing." This is the tale of an air crew that is forced to bail out over occupied territory. How the underground gets them back to England is the story, and we might add, one that every movie goer will enjoy. Godfrey Tearle, Eric Portman, and Hugh Williams star in the picture.

Bud Abbott and Lou Costello return to the Cla-Zel screen for three days starting Sunday in their newest picture, "It Ain't Hay."

It seems that a handsome cab driver loses his favorite horse and it is up to Abbott and Costello to find the driver another 'nag.' Their effort, the amusing complications in which Costello finds himself and finally, a zany horse race, form the situations around which the story revolves.

WE WENT CRAZY WHEN

The ATO's hit the campus, viewed the feminine angle, and started pointing, saying subtly, "I want that one" . . . The Science Dayers stared at us with wide eyes and open mouths as if we were something phenomenal . . . Our own smooth boys couldn't get a date last week-end—that hasn't happened in years . . . We heard about the little game that Dick Jurus delights in playing—it seems that Wee Wee Dick loves to walk up to big, burly John Tabler, telling him nastily to put his dukes up and he'll beat him to a pulp . . . Before John figures out at which angle he will lay Dick out, the little squirt hits him a good hard wallop and then tears upstairs for the solace of his room, locks the door, and doesn't appear for an hour . . . That's real courage . . .

FOR THESPIANS ONLY

From inside sources we have learned that a very talented group of people from the Masque and Mantle are giving a super-duper production in assembly Friday morning . . . Their untiring effort has been devoted to a little epoch written by Joe Nordmann . . . It is a drama of the highest calibre with absolutely no hams in the cast . . . Come, one and all to this dramatic production . . .

IS IT TRUE

That Bing Berry has finally settled down . . . Peg Hiltz and Bruce Siegenthaler will be glad to make any kind of signs for anybody, anytime, and free of charge . . . Frank Loiko likes to take Zita in at 6:30 every evening . . . They are really going to hold the . . . That the boys of PiKA and Beta Gamma are making up little ditties dedicated to that newest national fraternity on the campus . . . The Alpha Xi pledges aren't really excited about next week-end . . . That someone has predicted a new era in college education when all the campus functions will be held at Howards . . .

NOW IS THE TIME

For a few more engagements to spring around this place . . . We haven't had any "romantic" news for a long time . . . For those two wolves that are left on campus to start howling . . . For Bob Desseker to start getting the "roaming" feeling once again . . .

DO YOU GET IT

This happens to be one of the favorite jokes of a journalism prof, and it took his class a full three minutes to catch on the other day . . . Maybe they are just dense, but here it is . . . There was a certain young man who had a very bad memory, and he couldn't for the life of him remember the name of a new neighbor of his . . . The lady happened to bear the John Hancock of Mrs. Lummooh, so he tried association . . . You know, Lummooh, stomach . . . Lummooh, stomach . . . Lummooh, stomach . . . The next time he met her on the street he quipped, "Good afternoon, Mrs. Kelly" . . .

ON THE SERIOUS SIDE

May we wax poetic 'er sumpin' for a minute . . . Last week-end was a very successful one, and we wish to congratulate the ATO's and wish them continued success in the future . . . Part of this success was due to the co-operation of the student body in entertaining the visiting fraternity men . . . We sincerely hope that the Alpha Xi initiation this coming week-end will go off as well, and that they will receive the same co-operation from the student body . . .

In between there's the luncheon, installation itself, and the dinner at Kohl Hall. Also on Sunday afternoon there's to be a tea in the Practical Arts Building.

Trackmen Trek To Miami For First Meet Saturday

The debut of Coach Whittaker's 1943 cindermen will be made this Saturday when they hit the road to meet the Redmen of Miami University at Oxford, Ohio.

By virtue of the cancellation of indoor track, the dual meet will be the first test of Falcon strength. For their initial test, the Falcons will be facing the toughest track squads in the state.

The Redmen of Coach Rider have already engaged in the Purdue and Illinois relays. Replacing the famed Butler Relays, the wide open entry lists, offered at Purdue for any college student, should have made the Saturday opponents

almost in midseason form, compared with the Brown and Orange squad's late start.

To date, Coach Whittaker has not released a list of members making the trip, but time trials this week should make the travelers known soon. Undoubtedly, much of the burden of the meet will rest in veterans Klein Bordner, Yaple, and Critz. Finishing in the ribbon class of the Ohio Conference

There is a practice track meet scheduled with Toledo DeVilbiss High School at 4 this afternoon.

meet last year was Klein with a fourth in the 220 dash, Bordner a second in the 220 low hurdles, Yaple a four way tie for second place and Critz third in the shot put event.

One of the Falcons weakest events is the distance. Flashing form and persistence in practice have been Ralph Boroff and George MacDonald. With only these two experienced distance runners to enter, Coach Whittaker will find it hard to match the pace set by the Illinois record breaking Redman team of Alston, Donahue, Evans, and Blayne, all experienced collegiate runners.

Gene Thomas, Intramural Director at Bowling Green University, today announced complete plans for the Navy Preindustrial Training Course to be sponsored by his department in cooperation with the United States Navy Recruiting Station, Toledo, Ohio. E. G. Bowling Green State University, said Lewis, "is to be complimented on its Intramural Department. I have never before seen an Intramural program so interested in the life of every student on the campus," he concluded.

Dr. F. J. Prout, University President, was well pleased with the announcement that such a program would be installed to help each student make a much better adjustment to his life which will follow.

The classes will meet every Thursday evening starting tomorrow, April 15, and the class periods will last approximately one and one-half hours with a period devoted to questions. It has been recommended that all men secure a loose-leaf note-book as the men instructing the program are planning on the lecture method, with numerous short tests. The instructors will be Lieut. Milliken, Chief Sanzenbacher, W. B. Hook, Splc (R) USNR; F. P. Meade, SKLC USNR; and E. G. Lewis, Splc (R) USNR. Regnier Honored At Home With Memorial Trophy

By GENE JORDAN

This week we give the column to the memory of one of the most promising athletes ever to wear the Brown and Orange. To the memory of Bill Regnier. It seems fitting that at the beginning of a new track season that we take a few minutes out to pay tribute to a fellow that won every race until the last one against menigitis.

With the permission of Bill's brother we reprint part of the tribute that was paid Bill by his home town high school and newspaper of LaPorte, Indiana.

"At the end of the coming track season at LaPorte High School a new trophy will take its place among the numerous awards now resting in the school's trophy case. This new trophy will be the William Regnier Memorial track award, which was recently purchased by the track lettermen of LaPorte High School of the season of 1939. "William 'Bill' Regnier was a member of the track team of that year, and was an outstanding example of what a boy with courage, effort and determination can do to become a leader on an athletic field.

"When Bill first started working at track here under the guiding hand of Coach Don Edmonds, he was little better than an average runner. But by putting forth all his efforts, Bill became a real track star at LaPorte.

"After graduating from here, he enrolled in the Bowling Green University, Bowling Green, Ohio. There he continued to improve by hard work, and was able to run the 100-yard dash under 10 seconds, and the 220-yard dash in around 20 seconds.

"Bill's brilliant track career at the Ohio school was cut short by death. He died last May 2. However, his winning spirit and determination and ability to stick with a thing until it was well done, will live forever in the hearts of his teammates, both in high school and in college, and all those who knew him.

"It was for this reason that his teammates of '39 donated the Regnier trophy to LaPorte High School to be awarded to some deserving boy each year. The trophy itself will remain at the high school, with the annual winner's name engraved upon it, and the winner will be given as an award certificate."

There is not much that anyone can add to such a tribute as that. All we can say is that we second everything "The Herald-Argus" of LaPorte said.

The third meeting of the Army Pre-Induction school was held Thursday night. Mr. Alva Bachman, instructor of the course, explained the various ranks, insignias and information concerning the various officers in the Army. Tests will be given this week on material covered during the past two meetings.

A time extension of one day has been granted in signing individual sport entries. All entries must be in by tomorrow. Entries can be signed on any of the Intramural bulletin boards. Individual sports include tennis doubles for one boy and girl, tennis singles, swimming, track, and golf. Sign up today!

Al Bender's and Bob Young's names were unintentionally left off of the Lucky Strike bowling team list as printed last week. As you know, the Lucky Strikes won the league and thus deserve all the credit they get.

Mike Marko, former boxing champ and handball shark, was a visitor of the Intramural office last week. Former students are always welcome. Come in any time.

With the arrival of spring, the men of the faculty are beginning to forget their defeat in the recent all-college volleyball tournament and are making complete plans to field a team that should be extremely strong.

Friday finds the Babe Ruths of the faculty opposing the Five Brothers outfit. A new change in time has been made for the weekly faculty program and, for the remainder of the year, the men will meet at 6:30 p.m. instead of 7 p.m. All faculty men are invited to come out and participate in these intramural activities.

Prominent in the list of faculty men that are continually participating in the program and have received an appropriate certificate are: Hans Anders, F. E. Beatty, Gilbert Cooke, E. E. Dickerman, H. M. Jordan, W. E. Steidtmann, C. G. Swanson, S. M. Woolsey, LeRoy Ferguson, J. K. Raney, Maurice Newburger, J. E. Shafer, K. H. McFall, and J. E. Weber.

Two of the old standbys of the faculty program were Upton Palmer and Morris Hendrickson, now in the Armed Forces.

Men Urged To Try Out For Sigma Delta Psi

As an additional feature of its program, the Intramural Department has issued a special call for all men to try for membership in Sigma Delta Psi.

Sigma Delta Psi is an athletic fraternity with such strict qualifications, that only three men at Bowling Green have ever been accepted. The last member was Harley Kinney in 1938.

Anyone interested in obtaining further information should contact Gene Thomas in the Intramural Office.

ASK THE SERGEANT IN INDIA

"THINK OF IT. FINDING A CANTEN HERE."

"OH BOY, AMERICAN CIGARETTES."

"AND COCA-COLA. FIRST COKE IN 3 MONTHS."

"LOOK FELLOWS, SAME KIND OF BOTTLE WE USED TO GET BACK HOME."

"That's what a soldier wrote home about. Ask the man in the ranks how Coca-Cola rates with him. Ask the man behind the PX counter. They'll both tell you,—when it comes to refreshment, nothing takes the place of ice-cold Coca-Cola. Energy-giving refreshment... quality you can count on... distinctive, delicious taste,—all combine to prove a point that needs no proving: The only thing like Coca-Cola is Coca-Cola, itself."
